

# AVANZATO

## Single Handle Kitchen Faucet with Optional Deckplate

MFF-AVZK3

## INSTALLATION

### Tools

- Adjustable Wrench
- Pliers
- Pipe Wrench
- Screwdriver
- Teflon Tape

Shut off water supplies. Remove old faucet. Clean sink/counter top surface in preparation for new faucet.

Place new faucet through mounting hole. If using optional deckplate, position deckplate over mounting hole, then place faucet through deckplate and mounting hole.

Screw the mounting stud into the body. Secure the faucet to the sink/counter top by installing rubber washer, steel washer and nut onto it. Tighten with wrench.

Apply pipe tape onto threads of water supplies. Use wrench when tightening the hose connection. Do not overtighten.

Important: After installation is completed, turn on water supply and allow both hot and cold water to run for at least one minute each. While water is running, check for leaks. Reinstall spray head. Your new faucet is now ready to use.

### Maintenance

Your new kitchen faucet is designed for years of trouble-free performance. Keep it looking new by cleaning it periodically with a soft cloth. Avoid abrasive cleaners, steel wool, and harsh chemicals as these will dull the finish and void your warranty.

## EXPLODED DIAGRAM / REPLACEMENT PARTS

### Limited Lifetime Warranty

Italia Faucets, Inc. warrants to the original purchaser that its products will be free from defects in workmanship and materials. All Italia Faucets are provided with a limited lifetime warranty. This warranty does not cover any other labor or service charges associated with the removal, repair, or reinstallation of Italia Faucets products. This express warranty does not apply to products that have been damaged as a result of misuse, abuse, negligence, accident, faulty installation or maintenance practices and/or used in any manner contrary to those recommended by the manufacturer.
